CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Around The Glades For Sarasota Feb. 1-4

(By Paul Rardin)

FERTILIZER BAGS. In som sections of the Glades Farming Re-gion fertilizer bags are thrown to the four winds. They don't help the the four winds. They don't help the looks of the countryside. Neither do they help the drainage when thrown into canals. Yesterday while touring the farm area I saw one farmer taking care of them in proper manner. He was burning the paper bags at the end of the row each time he filled up the fertilizer distributor. A good idea.

If you haven't ridden through the farming section—especially the sugar case growing sections of the county—you don't thoroughly realize how much damage was done by the recent freeze. In the cane area where it is being cut this week there isn't any fodder left—only the tops. When the field is burned before cutting, all of the frozen fodder disappears. Fields of cane are brown throughout the entire cane growing area on Lake tire cane growing area on Lake Okeechobee. A certain amount of damage has been done but it all de-pends on how soon the mills can process the cane whether or not there will be a great loss.

Pahokee city council has recommended a new change in the city charter which will give the mayor a vote on the council in case of a tie. At present the mayor sits with the council but he has no vote. The idea of giving the mayor—elected idea or giving the mayor—elected by the people—a vote in case of a tie is a splendid thought. There are many times when a deciding vote would accomplish many things. The proposed legislation should be passed in the upcoming session of

The Palm Beach County Fair—known for publicity purposes as the South Florida Fair—has been ring some big crowds. Four-H Club members in this area have been earning some outstanding awards. Elsewhere in this issue you awards. Elsewhere in this issue you will find a list of awards handed the youngsters. You'll be mighty proud of them if you read the article and see just what they have accomplished.

Ready Office For New Auto Tag Sale

The Tag Office at the Glades Office Building will be closed (today) Friday, January 29, according to Mrs. Edwina Young. No tags can be purchased or titles processed. However, taxes will be collected. If anyone wishes to pay taxes they can please knock on the door. The Tag Office will be opened on February 1, 1985, with the new 1985 tags on sale.

SORORITY SOCIAL

SURGRITY SOCIAL

The home of Mr. and Mrs. Melvin Spooner was the scene of the Xi Alpha Mu sorority social, Thursday night, Jan. 21. Entertainment featured a take off on the T. V. program "Password" with Mrs. Eva Spooner and Mrs. Joan Tucker as team captains and Mrs. Frances Moore acting as master of ceremonies.

Art Symposium Set

SARASOTA - Leading national educators and art authorities will be in Sarasota Feb. 1-4 to participate in the 18th annual Art Sym-posium being held at the Ringling Museum. The event is sponsored by the museum, Florida State Univer

panter Batchin Greene, Cartening art at New College. New College will also sponsor a panel consisting of Greene, Sarasota artist Syd Solomon, visiting artist Marca-Relli, and Dr. Fred S. Licht, professor of fine arts at New Col-

Among the academic group who Among the academic group who are sponsoring the Symposium will be Harrison Covington, University of South Florida; Dr. Gulnar Bosch, Florida State; Eugene Gtjssom, University of Florida; and Dr. Arthur Borden, New College.

Local 4-H Members Win Fair Awards

Canal Point 4-H members made an excellent showing in their activities at the South Florida Fair and Exposition. Miss Nancy Har-rington, Canal Point junior leader and president of the Palm Beach County 4-H Council, has the dis-tinction of serving on the Fair's 55 member board of Directors, which includes in its membership Gov Haydon Burns, the States' two U. S. Senators, two U. S. congressmen, high officials in the State's

Department of Agriculture and all members of the Florida legislature, including both senators and representatives, from South Florida. The directors are all men except for Nancy and Rep Mary Ann Mc-Kenzie and Rep. Maxine Baker of

In the individual exhibits Ro Harrington's vegetable display was awarded three blue ribbons two red and one white. Nancy Har-rington and Pam Ursry were each awarded a blue ribbon for their entomology exhibits and in addition, Nancy received a rosette award.

In the Sears Foundation exhibits in the Poultry Tent, the judging of which was based on 4-H record books as well as the chickens disbooks as well as the chickens dis-played, Nancy Harrington, with four blue ribbon and six red rib-bon pullets, was judged the first blue ribbon winner, the excellence of her records being an important factor.

Other Sears Foundation winner from Canal Point; Ross Harring-ton, five blue and five red ribbon chickens -blue ribbon, third place: chickens—blue ribbon, third place; Dickie Strayer, eight blue and two red ribbon chickens—white ribbon, fifth place; Allen Webb, three blue five red and two white ribbon chickens—white ribbon, seventh place. Nancy, and Ross received \$13 cash prizes from the Foundation; and Dickie and Allen \$7 cash prizes.

44 Window Drapes **Auxiliary Project**

Drapes for 44 winds ew Everglades Memorial Hospital new Evergiades Memorial Hospital building will be furnished by the Evergiades Memorial Hospital Auxiliary, according to plans made sity, the University of Florida, the University of South Florida, and Sarasota's New College.

Outstanding are authorities to appear on the program, including son presiding. The group voted to painter Balcolm Greene, currently out the program of the program of the program including son presiding. The group voted to purchase material and make the drapes for the 44 windows as its first major project since organiz-ing several weeks ago.

ing several weeks ago.

It was also voted to purchase two
extra "pink lady" uniform smocks
to be kept in the hospital buildingat all times for emergency use.
The ways and meeans committee
was authorized to decide the kind
of fund-raising projects the Auxiliary will sponsor to raise money for the benefit of the hospital. Mrs. Bonnie Miller, sewing chairman.

Bonnie Miller, sewing enairman. reported on mending work to de done in the near future on hospital garments, linen and the like.

Jesse C. Simonds, Jr., administrator of the Everglades Memorial Hospital, spoke to the group on the rules and regulations that will. be in effect in the new hospital building, which is now under con-struction on South Barfield Highway in Pahokee. He said the build-ing, presently going up on sched-ule, is 60 per cent complete. It is expected to be finished by June 15 d occupied by July 1, 1965.

County Board Will License Peddlers

this week they would encourage and endorse legislative action to control or license peddlers whose places of business are highway shoulders.

The subject was brought to the The subject was brought to the board's attention by Charles Royal who said the merchants in his home town of Belle Glade are losing hundreds of dollars worth of business to peddlers. The itinerants were said to be operating in violation of state and federal tax laws.

The buyers are most migrant laborers in the Glades and along the coastal farm areas. Royal said Belle Glade has adopt

Royal said Belle Glade has adopted an ordinance calling for a \$750 peddlers license in an effort to compensate for the peddler not paying any community taxes. He asked the county commission to make the fee-county-wide.

The board said it was without authority to adopt such a fee, but suggested the matter should be called to the attention of. Palm Beach County's legislative delegation—which will be done Friday at Belle Glade.

SUNDAY VISITORS

Last Rites For Orlando Padilla

Orlando Padilla, 41 of 328 Cypress Ave. died Thursday at Glades General Hospital, Belle Glade after a short illnss. He was a native of Cuba and a resident of Pahokee for two years where he was em ployed at Osceola Sugar Mills as

ployed at Osceola Sugar Mills as an Electrician helper.

He is survived by his wife: Mrs. Caridad Padilla, two sons; Orlando F. Padilla and Eduardo Padilla of Pahokee, Mother; Mrs. Elyira Padilla, Cuba; Four brothers and one sister all of Cuba.

Program Set For PTA Founders Day

Interest in the Canal Point Parent-Teachers Association has been lagging this school year and officials of the organization are anxious that something be done to stimulate interest. Parents haven't been showing the proper interest and it has been a chore to get enough people out for a regular meeting.

Program Chairman W. E. Black-well said yesterday that present plans for the Monday night meeting should bring out a good attend-ance. Several skits are being pre-pared by the different grades in an effort to show those in attendance just how PTA was founded and the principles on which it operates. Skits will show the work that PTA is planning for the coming seasor and others will show accomplish

ments of the group in the past.

President Stanley Hooks has cordially invited all school patrons to be present next Monday night for the Founder's Day program and assures each and everyone the the program will be well wor their time and effort to attend.

Funeral Services For Mrs. Vorhees

398 North Juniper, Pahokee died Sunday at Everglades Memorial Hospital. She was a native of In-diana and a resident of Pahokee for a number of years where she lived with her son, Boyd T. Vorhees. She was a member of The Chur-

ch of Christ and Eastern Star No. 116, Moore Haven, also Rebbeca Lodge No. 49 of Moore Haven. She is survived by three sons; Herman B. Vorhees, Anderson, Indiana Eugene R. Vorhees, Portsmouth Va. and Boyd of Pahokee; One daughter, Mrs. Wanda V. Jones Naples, Florida; 18 grandchildren an 14 great grandchildren.

chickens—white ribbom, seventh place. Nancy and Ross received \$12 cash prizes from the Foundation; and Dickie and Allen \$7 cash prizes from the Foundation; and Dickie and Allen \$7 cash prizes.

In the regular poultry competition Dickie Strayer had the best Lakeland by his mother, Mrs.

Stetson University Concert Choir Will Sing In Pahokee Next Monday Night

The Stetson University Concert Choir, under the direction of Har-old M. Griffin, professor of voice, will sing in Pahokee at the First Baptist church next Monday night, February 1, according to an announcement by Rev. Guthrie Colvard, pastor of the church.

Concert Choir was heard coast-to-coast in a 55-min. broad-cast of Handel's "Messiah" during Christmas week. This season, they have also made several appear-ances including presentations be-fore the Florida Baptist State Convention in Tampa, in November, and the Sanford Mutual Concert Association at the Seminole High

Association at the Seminole High School Auditorium, in Sanford, Friday evening, January 9.

The Choir's travel group consists of 40 voices selected by Mr. Griffin from the full 60-voice Stetson University Concert Choir, and the program will be varied, including duets, solos, and general chorus numbers.

Clubs Will Join In **February Meeting**

Members of the Canal Point Garden Club enjoyed a covered dish supper at the Community building Jánuary 21. Dr. Carpenter of Clewiston was guest speaker and spoke on "Insecticides and Insects". The hospitality: committee was composed of Mrs. C. B. Stringari, Mrs. M. C. Carter. Mrs. L. R. Kahle, Mrs. J. S. Harrington and Mrs. O. H. Sheppard. Mrs. M. C. Carter was in charge of floral arrangements.

The next meeting will be at the Members of the Canal Point

The next meeting will be at the The next meeting will be at the Community building on Feb. 18 at 3 p. m. Mrs. I. L. Van Horn of Belle Glade will be in charge of the program and demonstrate "dish gardens". The Pahokee Garden Club will be invited guests.

a weekend visit with his parents, Mr. and Mrs. R. O. Lampi.

Mrs. Peggy Parris entertained at her home with a birthday party honoring her son, Marty, on his 6th birthday, Saturday, Jan. 23 fr 2 till 3 p. m. She was assisted her mother, Mrs. Luther York.

Sakser's Joh Safe From Com Bandlow

County Commissi Bandlow's attempt to fire Airport Manager Frank Sakser didn't y support from other members the board Monday and now the matter is in the hand of a special committee.
Sakser who serves as: the coun-

ty's directors of airports; custodian of the county voting machines and manager of the airport park ing lot; has been under Bandlow's fire for sometime — the com-missioner charging there is a con-flict of interest in Saksers job as airport manager and manager of a privately operated parking lot at

Sakser says there is no conflict, that he can do both jobs satisfact-orily and would like to be relieved as voting machine custodian a job which he took as a temporary asignment several years ago.

The county commission, nine years ago, agreed that Saker could take the parking lot job as a means of bolstering his county salary.

It appeared Monday that most board members still felt Sakset needed the parking lot salary to bolster a county income which the same commissioners think is not up to par with salaries paid airport ctors in other areas

After a three hour discussion— involved and heated—the commis-sion agreed that a committee made up of Bandlow, Commissioner E. F. Van Kessel and Commissioner E. W. Weaver should study Sakser's position and make recommendations as to any change to the comission.

mission.

The possibility of Sakser losing his airport directors job was remote, since Weaver said he refused to serve on the committee if it

meant talking about firing Sakser. He was assured by Chairman Lake Lytal and Commissioner Van Kessel that firing Sakser was not

w 3% interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

- Q: How does the new 33/4% interest rate benefit me?
- A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

with Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to 24% for the first year and a half; them a guaranteed 4% each year to maturity.

- Q: When did the new rate become effective?
- A: June 1, 1959.
- Q: Does the new rate change the Bonds I bought be fore June 1, 1959?
- A: All older E and H Bonds pay more now—an extra
 ½% from now on, when held to maturity. The increase takes effect in the first full interest period
 after June 1.
- Q: Will the Bonds I own automatically earn their new rate?
- A: Yes, You don't need to do a thing—just hold on to your Bonds.
- 9: When my E Bonds mature, will they keep on earning interest?
- A: Yes. An automatic 10 year extension privilege went into effect slong, with the new interest rate. This means your E-Bonds will automatically keep earn-ing interest after maturity.
- Q: With the new interest rate, should I cash in my old Bonds and buy new once?
- At No. The automatic 14% increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

 6: How are series H Bonds different from series E
- Bonds?
- At The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

- Q: In what denominations can I buy series E and series H Bonds?
- H. Bonds?

 & E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

 H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

- Q: How safe are U.S. Savings Bonds?
- At Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.
- Q: What if my Bonds should be lost, stoles stroyed?
- A: You can't lose. Every Bond purchased is record by the Treasury. If anything happens to your Bonds they are replaced—free.
- Q: Where can I buy Bonds?
- Buy E Bonds at any bank—it takes only a few min-stes. Buy then automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically de-dicated every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.
- On How do I help strengthen America's peace power when I buy U.S. Savings Bonds?
- At Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

YOU SAVE MORE THAN MONEY WITH

Credit Group Has All Time Record Hi

The Farmers Production Credit Association reached an all-time high in credit service to agriculture by extending \$17,526,000.00 in short and intermediate-term credit snort and intermediate-term credit to 290 farmers and ranchers in the association's territory during the calender year 1964." Chas. B. Long, Jr., general manager of the asso-ciation reported this week.

The association is a farmer-own ed and operated credit cooperative serving farmers and ranchers of Broward, Collier, Dade, Martin, Monroe, Indian River, Okeechobee and St. Lucie Counties with the principal office located at Miami and Branch offices in Vero Beach, Belle Glade and Immokalee. "The association's all-time high

loan volume for the year 1964 was 16.81 percent more than for 1963 and included service to 32 new farmer-rancher members," accord

farmer-rancher members," according to Mr. Long.

"In keeping with the cooperative principles of the association, \$31,-455.00 in dividends were paid to members during 1964, thus reducing the statements of the statement of the st

ing the actual cost of the credit service," he added.

"service," he added.

Mr. Long said the Farmers PCA:
has extended \$120,000,000.00 in
credit service since its organization in 1933 and now has \$2,000,240
in member-owned capital and
\$669,382.40 in accumulated earnings.

Officers and Directors of the as sociation include Harry B. Mat-thews of Kendall, President; Geo H. Wedgworth of Belle Glade, Vice President; Walter Peterson of Goulds, Director; Jefferson Davis of Homestead, Director; C. R. Sexton of Vero Beach, Director; Chas. B. Long, Jr., General Manager; J. Earl Davis, Assistant Secretary-Treasurer; and G. L. Lanham, Assistant Secretary-Treasurer.

Fishing Contest Will Give \$500,000

TAMPA—The State Board of Conservation and the State Game and Fresh Water Fish Commission have completed plans to conduct the fifth annual Schlitz \$500,000 Florida Fishing Derby which will run throughout 1965.

The Derby is the world's most extensive fish tagging operation, carried out for research studies in conservation of fresh and salt water fishing resources, and im-provement of Florida fishing opportunities. All costs are defrayed by the Jos. Schlitz Brewing Com-

The event will run for thre months in each of our geographical zones in the state, opening Feb. 1, in Southeast Florida and closing in

in Southeast Florida and closing in North Florida Aug. 31.

Awards ranging from \$25 to \$10,000 will be paid to cooperating fishermen who return tagged and numbered fresh water fish to the Game and Fresh Water Fish Commission, and salt water specimens to the Board of Conservation, through collection points at all Florida Schlitz wholesalers.

Schlitz President Robert A. Uihlein said, "We feel the annual Schlitz Florida Fishing Derby continues to achieve its purpose of

supporting fishing research and recreation in Florida through conservation and improvement of fishing resources. For that reason, we are happy to have a part in the annual event for the fifth year. We have it will be a retirally hope it will be as entirely successful as it has been in the first four

Rev. Lawrence Stewart attended the Executive Board meeting of the Palm Lake Association at the First Baptist Church in West Palm

Miss Connie Singletary has re-turned to her studies at FSU in Tallahassee following a weekend visit with her parents, Mr. and Mrs. Ray Singletary.

Injunction Stops Coast Line Spur

was restrained from starting construction on Jan. 30 of a spur rail line into the truck and sugar cane growing area southeast of Belle Glade by a temporary injunction granted the Florida East Coast Railway Company, a competitive road also wanting to build a line

into the same section of the Lake Okeechobee Region south of Lake

The ACL had been granted a certificate of public convenience and necessity to build the line following a hearing before the Inter-state Commerce Commission.

The line would extend from the ACL trackage now a Okeelanta Sugar Mill Beach County some six miles east-ward, then 2.5 miles to the north

Principal beneficiary of the rail extension would be the new processing plant of A. Duda and Sons, Inc. The Duda company was an intervenor in the injunction action, siding with the ACL, and had asked the federal court to remise. ed the federal court to require an indemnity bond of \$160,000 of the FEC, if the injunction were grant-

The three-judge federal court which heard yesterday's initial arguments in the case not only granted the temporary injunction, visited but declined to require the posting Sunday.

of an indemnity bond.

The court included U. S. Circuit Judge Warren L. Jones and District Court Judges Bryan Simpson and William A. McRae, Jr.

As its decision was announced udge Simpson suggested that at torneys in the case confer with him as to the fixing of an early date for a final hearing on the question of a permanent injunction.

Early and mid-season control with Phosdrin hits insects hard, cleans them up fast.

Close-to-harvest insect control with Phosdrin gives you an unbeatable way to insure crop quality.

Now, Phosdrin is an all-season insecticide

-vegetable growers are using its

hard-hitting control and fast disappearance in every spray.

The special effectiveness that has always made Phosdrin® Insecticide profitable for late-season use is now protecting vegetables throughout their growth. Here's why:

The 5- to 7-day spray scheduled the role now recommend have changed the role THE 5- to 7-day spray schedules authorities of Phosdrin. With its rapid speed of kill and near-perfect insect control, Phosdrin is extremely effective in the new short-interval spray schedules.

Also important in the new programs: Phos drin is competitive on a cost per acre basis and its fast disappearance eliminates problems.

Insects and residues both vanish

A Phosdrin spray cleans up a broad spectrum of insects in a matter of minutes-aphids, mites, loopers, worms, almost all destructive pests attacking vegetables. Because control is so thorough, insects can't build to damaging levels between sprays. And, of course, accidental drift to a nearby field also disappears

Phosdrin makes it easy to avoid problemsall season and close to harvest. It's gone from the field a few hours after application.

Complete control is economical

Phosdrin alone, protects lettuce, tomatoes, beans, peppers, celery, watermelons, eggplant and many other vegetables. There's no need to add another insecticide and raise costs... even if resistant insects are present. Phosdrin stops them too. And it offers a wide margin of safety to leaves and fruit of insecticidesensitive crops like cucumbers and lettuce.

A little Phosdrin goes a long way. As little as 1/4 pound per acre is all it takes to end the damage of most vegetable insects. Dosage rates seldom exceed 1/2 pound per acre. Check

into costs and consider the overall protection Phosdrin gives you and your crop, and you'll see why it pays to use Phosdrin all season.

Phosdrin is available from your local insecticide dealer under many well-known brand names, or as a product of Shell. In liquid or
